PRODUCT No. 1054

Covered stand for bags – komaxit – 60 l

(Ilustrative photograph)

Technical data

Material	Steel sheet
Capacity	60 l
Weight	13,5 kg
Lid diameter	350 mm
Height	900 mm

Attributes

- Made of steel sheet grade 11.
- The bin is designed as a cylindrical container with two-piece door on the perimeter of the housing and top hinged lid.
- The base construction forms a housing of steel plate, which includes a hinged door.
- Locking the door in the closed position is done by means of a pair of quick-release buckles.
- A flexible hoop for attaching a polyethylene bag is inserted in the upper profile hoop that forms the housing reinforce.
- The bin is covered by a hinged lid from above.
- Surface finishing is made by powder coating.

Color variations

- Komaxit.

Product purpouse

- Designed for hanging a polyethylene bag and collecting of common waste.
