PRODUCT No. 6445

Pressed ecological pallet – 1200 x 800 x 140 mm

(Illustrative photograph)

Technical data

Material	Pressed wood
Weight	11 kg
Load capacity	1250 kg
No. of feet	9x
Length	1200 mm
Width	800 mm
Height	140 mm

Attributes

- Made of pressed wood.
- Ecological, pressed and fully recyclable wood pallets.
- Manipulation is carried out using fork-lift machinery.
- Pressed pallets are an alternative to traditional wooden euro pallets with many advantages: low weight and high strength, storage and shipping space savings, full recyclability and problem-free disposal, multiple use, ecological and export certificates for USA, Australia, etc.
- Avoid to point loading - weight must be evenly distributed along the loading space of the pallet.
- Do not store outdoors, protect from rain, snow and other weather influences.

Product purpouse

- Designed for storage of common materials and semi-finished products.

Additions

- Delivered in several sizes and load capacities.
