TECHNICAL DATA SHEET

High-capacity AVIA container – with upper lids/hook and rope
TYPE: F2K_6147_0000

Illustrational photograph

TECHNICAL DATA

Material	Steel sheet
Material thickness (bottom/walls)	3/2 mm
Weight	830 kg
Capacity	6,2 m^3
Hook height	1000 mm
Lid dimensions	800 x 600 mm
Inner dimensions (L x W x H)	3335 x 1820 x 1200 mm

ATTRIBUTES

- Made of steel sheet.
- The container is manufactured in closed design with lids on top.
- The size of the lids prevents throwing of too large objects.
- Can be delivered with a central locking of lids on both sides.
- Equipped for hook-up / rope pulling and with rollers.
- Delivered with a hinged front door.
- Surface finish by varnishing – 1x base layer, 1x top layer.

COLOUR VARIATION

According to RAL sampler.

PRODUCT PURPOUSE

Product is designed for transport and storage of solid household waste in urban areas, housing projects and places with small amount of or no waste collection.

ADDITIONS

Also produced in different dimensions.
Before hook-up pulling the container, it is important to check the locking elements, rollers, door locking system including central door lock (operator from the side), roof and damper when installed. All lids, flaps and doors must be properly closed.
