TECHNICAL DATA SHEET

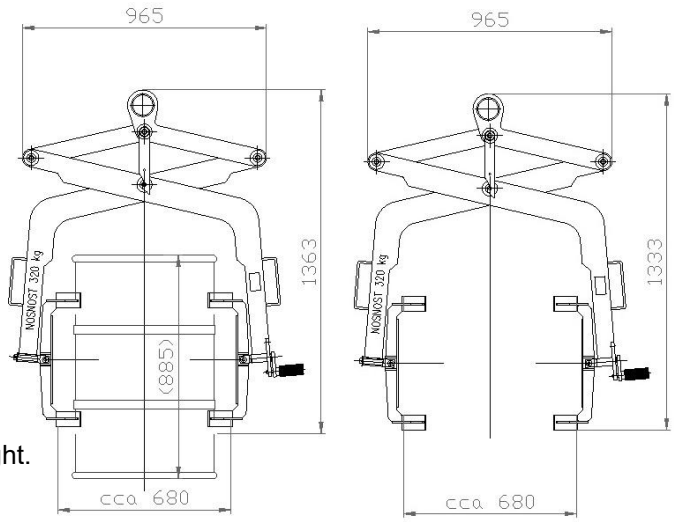

Pliers for barrels
TYPE: F4K_0591_0001

Illustrational photograph

TECHNICAL DATA

Material	steel
Weight	47 kg
Load capacity	320 kg
Max. lift	3 m
Width (approx.)	680 mm
Height	1363 mm
Burden (diameter / height)	572 / 885 mm

ATTRIBUTES

- Made of steel / steel sheet.
- Attachment of barrels by pliers.
- Possible fixation of barrels in custom position – by crank.
- For barrels with max. 572 mm diameter and 885 mm height.

COLOUR VARIATIONS

Yellow shade RAL 6200 (base layer S2000/0100 and top layer – synthetic paint 2300/0600 – yellow shade).

PRODUCT PURPOUSE

Product is designed to handle metal barrels in cases where handling in another way could be lengthy, difficult or dangerous.

ADDITIONS

The pliers are compatible with steel barrels produced by Meva.
Hinge devices cannot be used when the barrels are significantly deformed and cannot be surely held.
Pliers can be hung on a crane or other lifting device that has the required load capacity and is equipped with the appropriate hook (pliers are delivered without a strap).
