PRODUCT No. 7225

Memory foam flexi post

(Ilustrative photograph)

Technical data

Material	Polyurethane (PU)
Diameter	200 mm
Height	750 mm

Attributes

- Made of polyurethane (PU).
- They minimize potential damage to vehicles in case of accidental hitting or running over.
- A post or bollard moves aside when is hit and then it straightens up again.
- Highly reflective trims increase their visibility.
- Product is anchored to the base by means of fastening material (not part of delivery).

Color variations

- Orange.

Product purpouse

- Designed to minimize potential damage to vehicles in case of accidental hitting.

Additions

- Delivered without fastening material.
