# PRODUCT No. 3388

## Anti-fatigue mat – Deck plate 0,6 x 0,9 m

(Ilustrative photograph)

## Technical data

| | |
|---|---|
| Material | Vinyl / PVC |
| Weight | 4 kg |
| Color | Black |
| Surface (thread) | „Diamond“ |
| Operating temperature | 0°C / +60°C |
| Width | 600 mm |
| Length | 900 mm |
| Height | 14 mm |

## Attributes

- Made of PVC foam with vinyl top layer.
- Two-layer anti-fatigue mat designed for demanding operations.
- The surface of the mat is obtained with a vinyl layer that is attached to the PVC foam layer.
- The foam layer reduces fatigue during long standing and isolates from the cold floor.
- The surface of the mat is resilient to standard industrial chemicals.
- Any spilled chemicals must be removed immediately from the surface of the mat.
- Obtained with bevelled edges.

## Color variations

- Black.

## Product purpouse

- Designed for dry, demanding operations for relieving fatigue during long-standing operations.

## Additions

- Suitable for dry operations only.
