PRODUCT No. 7754

Tank for used kitchen oil 500 l – Oliv box

(Illustrative photograph)

Technical data

Material	HDPE
Capacity	500 l
Weight	73 kg
Width	1400 mm
Depth	1150 mm
Height	1250 mm

Attributes

- Made of high density polyethylene (HDPE).
- High capacity container for used kitchen oil collection through direct pouring of oil from transport container.
- Outer container has a capacity of about 1000 l and it is designed for easy handling by a fork-lift machinery.
- Inner container with a capacity of 500 l is made of HDPE and it is equipped with wide filling opening, hermetically sealed.
- Made of material resistant to weather influences and oil.
- The collecting station also has a level meter and safety valve to prevent spilling in case of overturning or overfilling.
- Standardly delivered with English stickers (can be delivered with stickers in different language on demand).
- **Method of emptying the tank:** the tank consists of an outer and inner tank. Used cooking oil is poured directly into the funnel on the outer tank. After filling up, the inner tank is emptied by means of an oil pump.

Color variations

- Yellow.

Product purpouse

- Designed for collection of used kitchen oil.
