PRODUCT No. 8014-5

Two-piece sleeve without damping insert

(Ilustrative photograph)

Technical data

Material	Galvanized steel
Weight	0,09 kg
Inner diameter	74-77 mm
Combination screw	M10x100
For dowel of diameter	14

Attributes

- Made of galvanized steel.
- The sleeve is two-piece and without a damping insert.
- The sleeve with inner diameter min. 74 mm and max. 77 mm.
- Tighten the sleeve with two screws.
- Set includes: sleeve, combination screw and dowel.

Color variations

- Galvanized.

Product purpouse

- Designed for attaching and fixing pipes.

Additions

- **Use:**

  The two-piece sleeves are used for fixing pipe ducts. The sleeve itself consists of two parts for mounting on the pipe. One part of the sleeve is placed on the pipe and the other one. Those parts are tightened with screws. The screw is screwed onto the bottom part for fixing to the support point (wall, ceiling, etc.) The sleeve is not fitted with a rubber damping insert.
